

Hi! My name is Susan Cheplic and I will be coordinating Senior Youth Ministry I grew up in Buffalo NY and fell in love with the area while I was attending St Vincent College. From the time I was young I felt a call to share our living Catholic Faith with others and am so blessed to be able to continue this mission here at these vibrant parishes! Since earning my degree in Theology and Religious Education I have worked both high school settings and in a parish setting. My goal is to help teens to learn more about their Catholic faith, foster a sense of community with each one another and in the parish community, and to provide the opportunity to live out this faith through service to others. I now live in Irwin with my husband and my 3 kids. I look forward to meeting you soon!
