

Jesus of Nazareth Lesson Schedule

Each lesson will consist of watching a 30-40 minute clip of the movie, as well as a teaching about what you just watched. We encourage you to watch as a family and take this journey into the life of Jesus together during these strange times.

Each video will be released on a Sunday afternoon. I will email the Youtube link and a Google doc each Sunday. The Google doc will have questions on it to make sure that your child has watched the video and has taken time to reflect upon it. We ask that your child completes the doc by the Thursday after the lesson is released. You are free to watch the video and do the work anytime throughout the week that works for your schedule.
